Request for Applications (RFA)**

**DC Health Home Benefit Initiative (HHI) for Individuals with Serious Mental Illness
RFA No. DBH HHI073115**

Section I: AUTHORITY FOR THE GRANT

The Department of Behavioral Health was established, effective October 1, 2013, by the Department of Behavioral Health Establishment Act, D.C. Law 20-0061, D.C. Official Code § 7-1141.01, *et seq.*, and is the successor-in-interest to the Department of Mental Health, established by the Mental Health Establishment Amendment Act of 2001, effective December 18, 2001 and the Department of Health Addiction Prevention and Recovery Administration, established in the Department of Health by Reorganization Plan No. 4 of 1996, effective July 17, 1996. DBH is responsible, *inter alia*, for developing and monitoring comprehensive and integrated behavioral health systems of care for adults and for children, youth and their families, and serves as the state mental health authority and as the single state agency for substance abuse services. The Director of DBH has the authority to make grants pursuant to D.C. Official Code § 7-1141.06(7) and has implemented this authority by rulemaking in Title 22A D.C. Municipal Regulation, Chapter 44.

Section II: SUMMARY AND PURPOSE OF GRANT

The Government of the District of Columbia seeks to establish a Health Home Benefit consistent with Section 2703 of what is commonly known as the Affordable Care Act of 2010 (ACA). The Benefit will support the District's Triple Aim Goals of improving the individual experience of assessing and receiving care; improving the health of its population; and reducing the per capita costs of care. The majority of individuals with serious mental illness (SMI) are already affiliated with Core Service Agencies (CSAs). Therefore, the District has identified DBH-certified CSAs as the organizational entities that can become central point for coordinating, collaborating and ensuring communication amongst all relevant parties engaged in the delivery of services and supports to District residents who have SMI and who have experience or who are at risk of experiencing high medical cost due to lack of appropriate case management and care coordination.

The purpose of this funding is to provide infrastructure development assistance to DBH-certified CSAs to hire and train Health Home staff. The funding is intended to support the initial expense of hiring Health Home staff, specifically Health Home Director, Nurse Care Manager and Primary Care Liaison. These positions are required by the Centers for Medicare and Medicaid Services (CMS). The successful CSA will be expected to hire at minimum the Health Home Director, Nurse Care Manager and Primary Care Liaison for at least one or more Health Home Team(s) by November 15, 2015.

Section III: BACKGROUND

Evidence exists pointing to dramatic disparities in health outcomes among individuals with SMI. Specifically, in October 2006, the National Association of State Mental Health Program Directors (NASMHPD) issued a report entitled: *Morbidity and Mortality in People with Serious Mental Illness*. This report indicates that individuals who have a SMI die at on average twenty-five (25) years earlier than the general population¹. The report also concluded that eighty-eight percent (88%) of the deaths and eighty-three (83%) of the premature years of life lost in people with SMI are due to illnesses which are preventable if treated earlier². Finally, the report also suggests that a lack of coordination between the primary care and mental health systems of care significantly contributes to the premature deaths and the overall poor health status of individuals with mental illnesses.

In response, the District of Columbia Departments of Health Care Finance (DHCF) and DBH, referred to throughout this document as “the District” or “DC” unless otherwise noted, partnered to develop a Medicaid Health Home benefit³ for the District’s Medicaid consumers with SMI, who may have also received fragmented and uncoordinated care from multiple health providers and systems.

Section IV: ELIGIBILITY REQUIREMENTS

The ACA consists of the Consumer Protection and Affordable Care Act (Pub. L. 111-148), enacted on March 23, 2010, and the Health Care and Education Reconciliation Act (Pub.
